

Social Justice Project

I have chosen to speak on our Diocesan Social Justice Project. Many of elderly and housebound CWL members, Knit afghans, blankets, pneumonia vests, hats and mitts etc. and collect hygiene products, to contribute to Br. Simone's Canada Food for Children Project. Dr. Simone was a great speaker at our Diocesan Convention in May and spoke at length on his charity. It is worldwide and reaches homeless people, new moms, homeless people. Did you know that when Target Store closed that all food stuff left was donated to his charity. Timmins Diocese continues to work to eliminate the stigma attached to mental awareness and abuse as it noted that the needy in our communities are people who are coping with some form of helplessness.

Madam President, this concludes my report

Linda Watchorn
President of Timmins Diocese
