At Queen's Park we will Vigil in hope that Paris will mark a new moment in the fight against climate change! The after the parade of lights, the vigil will take place in the form of a **Spiral of Light**. A Spiral of Light is a participatory movement in which people gather in a circle which spirals in on itself and then back out again. As the participants to the spiral, they will hold lights aloft (cellphones, candles etc.) and "Light the Way."

THIS IS OUR PRAYER IN SOLIDARITY WITH CATHOLICS ALL AROUND THE WORLD.
