Explore the Core

At 5:00 p.m. Saturday afternoon delegates boarded buses to Waverly Park where they began a one-hour walking tour of the Waterfront district where lake, land and business come together. Guided by two city employees (one a summer student), they saw several historic buildings and churches and learned about their history. Following the tour, the ladies dispersed into small groups, ventured into one of the over 15 prime restaurants, enjoyed a delicious meal and shared conversation. At 8:30 p.m. the bus picked them up at the historic Prince Arthur Hotel and returned them to the hotel. Without exception, the ladies enjoyed the sights, fresh air, sunshine, exercise and food. What a great introduction to the city of Thunder Bay.
