---

May 5-10, 2019 is Catholic Education Week in Ontario. This year's theme is "Living as Joyful Disciples". This reminds us that publicly funded Catholic education is a call to service. Birthed in our Baptism, our Catholic education system brings the saving message of Jesus Christ into the lives of students and their families. This year's theme was inspired by 3 sources: *Renewing the Promise*, The Pastoral Letter on Catholic Education from the Bishops of Ontario, *Gaudete et exultate*, the Apostolic Exhortation of Pope Francis on the Call to Holiness; and *Young People, the Faith and Vocational Discernment*, the October 2018 Synod

of Bishops. The theme is directed to our students, to grow in holiness and their formation as disciples of Christ. Go on your local Catholic School Board website to find out what events are planned in your area and support their efforts.

To help develop and strengthen our sense of community with our schools, I have listed some suggestions for councils to reach out to their school principals with. See if any of these suggestions would be beneficial to your feeder schools.

- 1) Donate youth size socks to the school. Some students do not have proper winter footwear and end up in wet socks all day in school. Teachers will know who would benefit.
- 2) Prepare paper bag lunches for students who do not have a lunch. Teachers and support staff will know which students come regularly to school without a lunch for whatever reason. Ask the principal/teachers what they would like in these lunches and let them distribute discreetly to students in need.
- 3) Donate feminine hygiene products to the school. Girls may begin menstruation at school and not be prepared. The average age for girls to begin menstruation is 9.7 years.
- 4) Parish Council Presidents make an appointment to sit with the school principal and ask how your council can help the school.
- 5) Attached to this directive is a template for an appreciation Mass for the teachers and support staff. See if your school principal would welcome this way to show our support for our schools. June is the best month to contact the principal to set up a date for the beginning of the school year. Be sure to check with your pastor first, then perhaps you can go to the schools together to discuss. The social after is hosted by the council and is an opportunity for council members and the teachers to meet and discuss any ways to assist our schools. Councils may also get help from the schools in the future.

Our schools need our support at this time, especially in light of the government cuts that have been put forth.

Another concern for that covers both education and health is the fear of vaccines. Doctors in Ontario are warning that misinformation online is undermining public trust in vaccines. The Ontario Medical Association President, Dr. Nadia Alam reports that doctors are hearing from patients who say they are afraid to get a vaccine or have their children immunized because of information they got online. "They're more worried about the vaccines than the illnesses themselves," she said. "They don't realize that the risks of the illnesses are actually much, much greater." Dr. Alam said one of the most damaging myths about vaccines is a debunked study which linked the measles immunization to increased rates of autism in children. This myth has persisted even though there have been a number of studies since then that have proven that there is absolutely no link between the measles vaccine and autism. Let's help spread the truth and make sure all are immunized so that no one is in danger.

#### Homelessness—

There is an initiative, Built for Zero Canada recently launched by Canadian Alliance to End Homelessness that is helping to eliminate chronic homelessness. 21 municipalities in Ontario are part of the initiative. Some communities affiliated with this program have already started to show significant results. The municipalities of Kawartha Lakes and Haliburton have reduced their homelessness by 51% in a six-month period. To learn more about this program and the Canadian Alliance to End Homelessness go to [www.caeh.ca](http://www.caeh.ca) and [www.bfzcanada.ca](http://www.bfzcanada.ca).

#### Catholic Education Week Prayer

Loving God,

We thank you for our Catholic school community where we can journey in faith together. Help us to accompany each other in our learning as we grow, living as joyful disciples of Jesus and bringing good news to the world.

May your love speak to our hearts, helping us to bring hope to others and a commitment to justice in all we do.

We make this prayer through Jesus, our Lord and teacher.

Amen.

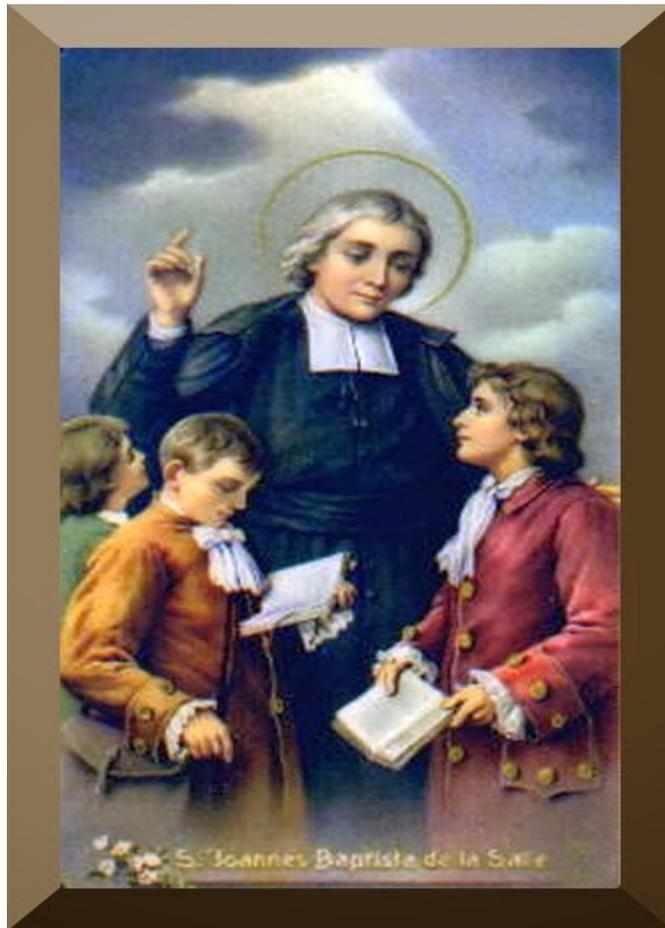

Blessings,

*Wilma*

DATE

PARISH NAME

God our Father,

You have entrusted each of us with the Christian development of children.

We seek your divine wisdom and grace in our actions as we are challenged to name, claim and proclaim who we are within the Catholic Education system.

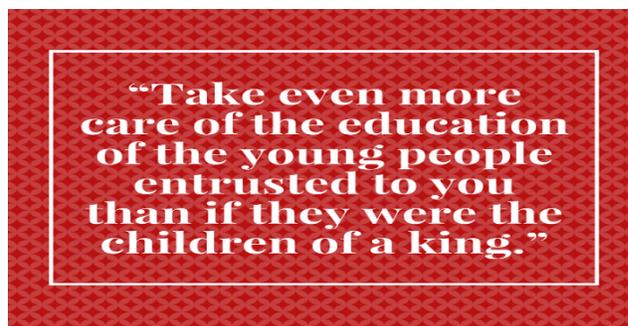

Enlighten our minds and strengthen our wills as we ponder these important redefining moments in Catholic Education.

Re-kindle in us our passion for Catholicity so we will continue to support and speak out with energy, courage and hope for all children's future education. Make us receptive so that we will follow your loving movement within our lives.

Keep safe our present education system so that our children can continue to live and work in a faith community in which gospel values are lived and loved.

Keep us faithful to the work of Catholic Education. We ask all these through your Son, Jesus Christ and the Holy Spirit dwelling within us.

Amen.

St. John Baptist De La Salle

*Mass Intention-*

*For the staff of -----, We pray with gratitude for all their efforts for the youth of the parish.*

*Celebrant—*

*Gathering Hymn:*

*First Reading:*

*Responsorial Psalm:*

*Response:*

*Gospel:*

*Homily—*

*Recessional Hymn:*

*Please join us for a social immediately following Mass in the Parish Hall.*

## *Saint John Baptist De La Salle*

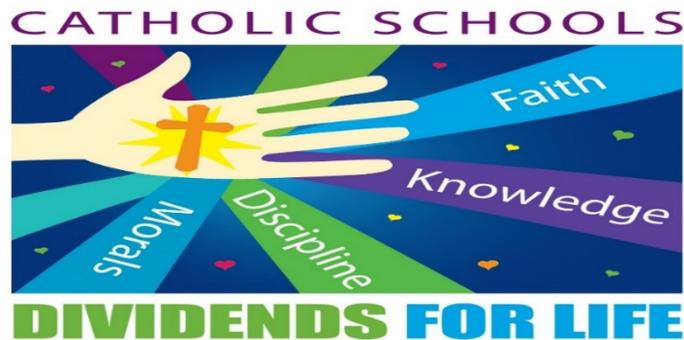

*Feast Day- April 7<sup>th</sup>*

*John La Salle was born in Rheims, France in 1651. He went to the seminary in Paris, but after the death of his parents he had to leave to care after his brothers and sisters. A few years later he returned to his studies and was ordained. He was admired for his great devotion to the Blessed Sacrament.*

*John was asked to help in two schools in which the teachers were trying to educate their pupils free of charge. He directed the teachers for four years, and then decided to spend his life with them. He and the young men then took vows to labour as teachers all their lives, and this was the beginning of the congregation of the Brothers of the Christian Schools, or Christian Brothers.*

*During his lifetime John introduced new methods of education. He divided the pupils into grades and started the first normal school to train teachers. He also started high schools and technical schools where children could learn a trade. He is often called the “father of modern education”.*

*St. John died at Rouen in 1719. He was canonized in 1900.*
