Hello Everyone,

Fall is the time when councils usually begin to think of resuming League activities that were suspended over the summer. What a difference COVID has made in our world!

**I had some questions posed to me and want to share the responses I received from National so you all have the information.**

#### **Online Meetings**

Some groups have been having "teleconference gatherings", either over the internet or on telephone calls. Some business can happen this way but decisions must be ratified (motion made and voted on) when you meet "in person".

#### **In-Person Meetings**

Parish councils can begin meeting in person again but must honour all local public health and parish protocols. **Each council will decide when it is safe** for them to resume. The grassroots will be leading the way.

#### **National Annual Reports**

National Annual Reports will be included in the "fall parish council mailing" so every parish council will be receiving a hard copy in the next few weeks.
