Earth Hour 2026 - 20 years of impact!

- ✓ **Earth Hour** organized by WWF, is a global grassroots movement uniting people to take action on environmental issues and protect the planet.
- ✓ **Earth Hour** does not claim that the event is an energy or carbon reduction exercise - it is a symbolic action.
- ✓ **Your hour, your power.** **Earth Hour** believes that each and every one of us has the power to make a positive impact on our planet, but it's up to us as individuals to decide how we do so.
